<p style="text-align: center;">IDEF India</p> <p><i>Rationale</i> IDEF (Institut International de Droit d'Expression et d'Inspiration Françaises) is aimed at creating and maintaining a worldwide network between French speaking lawyers or lawyers sharing the Civil Law legal tradition. Indian law is unique in its inception as it is composed of a multiplicity of origins. The plurality that makes India vibrant also makes its law uncatchable, and thereof contributes to invigorate the thoughts of those to endeavour to compare law, law making processes and implementation of law. Therefore, it has been decided to create an institution called IDEF India, to promote the exchanges of information having its sources in India with lawyers members of IDEF over the world and vice-versa.</p> <p><i>Our vision</i> Sound legal institutions and the rule of law are the cornerstones of social progress and high quality of life for all humans and the rest of nature. Justice and equity, rights and duties, are to be weaved by mixing holistic, ethical, equitable, inclusive and balanced approach that takes into account the interdependence of a number of factors, so as to contribute to the happiness and well-being of humanity and of all living beings.
